INSTRUCTIONS TO AUTHORS
FOR SUBMITTING FINAL COPY

Delivery

Email a final copy of the manuscript to rmg@uwyo.edu:

1) Send manuscript as Microsoft Word file and all graphics files with all fonts (if necessary) included. Files must be sent electronically via Email, FTP, Dropbox, or some other means over the internet.

2) Include a cover letter listing the changes you made as suggested by reviewers.

Include all current contact information: email, phone, fax, etc.

Please carefully edit your manuscript now, at this stage of the process. The conversion from a word-processed document to a printer-acceptable form is a painstaking process. Changes at the final stage are far more difficult to make. Once you receive a PDF proof of your manuscript, you will have 72 hours to one week to request corrections. The RMG editors have final decision-making authority on manuscripts submitted for publication.
